Hi Gaspard,

This weekend, it's like I came back to my former life. On Saturday I went to the beach we used to go together. I found back good sensations surfing, fishing, swimming. We had a picnic with my family and some friends. My mother fell in love with the Vans shoes I wanted, and she bought them to me. It had been more than 6 months since I wanted them.

On Sunday it rained and I was bored so I asked my parents if I could invite the twins Edel and Elian at home, I don't know if you remember them. I asked them if they could bring the Switch and they said yes, the three of us played to Fortnite and other video games. It was fun and when it stopped raining, we went to play football. I really miss playing football with my club.

I hope we will see each other one day. I miss you a lot.

Dear Alexia,

On Saturday, I woke up at 11: 30 and I went with my friend and my mother to shopping. In the end we did not buy many things. When we arrived in Txapela restaurant, we had to do a little queue but the table was still prepared in a few minutes. We ate a lot of food because it was delicious. When we finished, we went to Burger King to buy two Oreo smoothies. There were very, very delicious! In the afternoon, my family and I walked to my grandfather's house, we had dinner with him.

On Sunday, I woke up at 12:30 and at 13 o'clock we had to be at the house of a friend of my mother who lives in Sant Boi, we were late... We ate chicken, spicy potatoes and a peach for dessert. After lunch, we took a walk on a mountain and we found a man who told us that a mare ran away from the farm. We searched the mare but we did not find her. Then, we went back home and I did my homework. When I finished my homework, I played with my rabbit. We had vegetables and fish for dinner. At 22.30 I went to sleep.

Love,

Paula

Hello Bruno,

Today I'm going to talk about my last weekend.

On Saturday some friends came home. My father had a barbecue and he cooked some meat, sausages and vegetables. It was delicious. After dinner, my friends and I went to play football. At six o'clock my friend Eric Xirau left to go with his other friends.

On Sunday, you came to my home. We did the Spanish homework and then we played all morning. At the afternoon we play to the Fortnite and at night we watch a comedy movie.

See you soon,

Mateo

Dear Emma,

How are you ? I'm good.

What did you do this weekend? I want to tell you about my weekend.

This weekend I did a lot of things. In the morning I did my homework for next week and some homework that I didn't do.

On Saturday my parents, my little brother and I went to park Güell. For my brother and me, it was at big surprise.

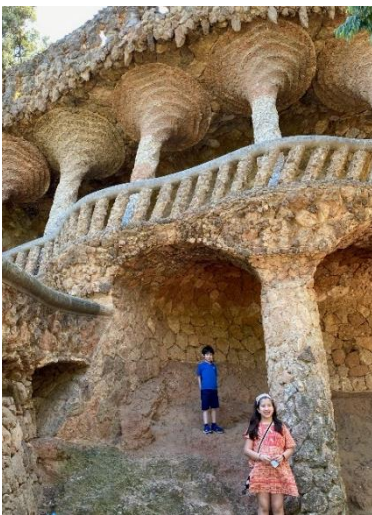

The park was empty and they were remodeling it. We walked around some places .

I was happy to see it without tourists but sad for the security measures of the park and I also could not see the iguana , my favorite monument.

At night I ate sushi, one of my favorite foods.

On Sunday morning I helped my parents clean the house and in the afternoon we went for a walk in the neighborhood.

I hope to see you soon at school,

Your friend, Marie-Catherine

Dear Bruno,

On Friday in the morning I watched a TV series and in the afternoon I went to visit my best friend. We went to a restaurant to eat pancakes and after that we played rugby with 2 others friends in my garden. My best friend and I won a match and they won the other but as I accompanied my best friend home he jumped from a chair, fell and he had a twisted ankle so we put ice on his ankle and he was much better.

On Saturday morning I went to a park to play tennis. I played tennis during 2 hours and I ate a tomato salad. In the afternoon I went to another park to play football with two friends, I won a match and they won a match.

I miss you very much,

Marcel

Dear friend,

This weekend, it was an incredible weekend, because on Saturday, my brother's friends and I went to a coffee and we played a lot with the scooters. For lunch, me and my family went to the restaurant in my tennis club: we ate with one of my friends and we played. In the afternoon I played tennis with another friend and I won the match. So at the end of the day, I went to bed happy.

On Sunday, I saw another friend of the tennis club and we played; after, he went to my home we played a little and he told me to go to his home to his swimming-pool and we also played ping-pong. It was a super cool weekend!

Dear Ines,

How are you? I hope you're well. I'm gonna explain you my last week-end.

On Saturday, we invited some friends at home for lunch. I think you remember who they are: Jordi, Merce and their child Jan. We were very happy to see them again. The weather was very sunny and we ate on the top floor.

After lunch, Jan, Chloe (my sister) and I went to Starbucks to meet some of my friends. They were all from my school. We went to a park with the drinks we bought at Starbucks. After we visited the shopping center "la Pla". I did not buy anything.

On Sunday, I didn't do anything interesting, I tried to do a movie day because the weather was very bad; it was raining all day.

Love you,

Tea

Dear Irene,

This weekend my family and I went walking to the port, it took us about 2 hours.

We arrived home very tired and then we saw a movie on my parents' bed.

On Sunday we went to the park, I drew with chalks on the floor a hopscotch up to 100 but unfortunately it rained and everything was erased.

This was my weekend , I hope next time you can join us.

See you soon,
Julieta

Hello Bosco,

I hope you are well. Last Friday I went to sleep with friends, we had a lot of fun. The next day we went to other friends' house to have a barbecue with them. It was too funny. We had a water balloon fight and then we played video games a bit. The food was delicious, there were chicken skewers, potatoes and many other delicious things. After that we played hide and seek then football. When it was time to leave I was super sad because I wanted to stay even more but I couldn't. When we got back I went to take a good shower of hot water, then we had some food and we saw a movie. On Sunday I woke up and I did my homework to have the day free. After I watched TV then I played video games and the day was over.

See you soon,

Dear Julieta,

How are you? I'm well and I hope you too. What are you doing these days?

Last weekend I started preparing my school supplies for September .I already have my backpack ready for the first day of class. I also worked on my school homework and reviewed some lessons. After lunch, I went out with my mother to Starbucks. I really like going there to get a cup of cold Chai Tea Latte, my favorite drink. After that, we went for a walk and we went shopping to the mall to buy some things we needed. I bought some felt pens for lettering and headphones. Then, we went back home. I washed my hands and had dinner with my family. Before I went to sleep I watched an episode of a Netflix series, and finally I brushed my teeth and went to sleep.

Love,

Irene

Dear Kim,

Sorry I haven't written sooner, but I have been really busy doing homework. I was meaning to tell you about my last weekend, it was pretty funny!

So I was lying on my bed, getting really bored, not knowing what to do when all of a sudden I heard a noise coming from the garden. I didn't pay too much attention at first but as I kept listening to it I decided to find out what was going on out there. When I looked through the window I found my dog eating popcorn from the floor. It seemed someone had been celebrating a birthday party and my dog was making profit of that.

As you can see she made my day! What about your weekend? Can't wait to hear from you.

Best wishes,
Eric

Dear Roman,

Last week I went swimming in the sea in the beach Mar Bella in Barcelona.

I was with my water-polo team of Club Natation Athletic Barceloneta.

There was Charly my coach, Elias the goalkeeper, Enzo A., Pau, Nestor, Marc and Romeo.

First, we went to the yellow buoy and we were swimming during one hour.

I was between the people on their paddle surf.

Coming back a jellyfish burnt me.

To follow the training, we took the ball and went back to the yellow buoy for some exercises.

I loved this moment, it was very nice and funny, I was happy.

Love,

Enzo

Dear Paula,

My mother, my sister and I went horse riding, I could not ride my pony Tango because he was sick, so I rode Cacahuete, my sister rode Ximixuri.

Our friend Lola also came to ride; in the class we jumped at a gallop, it was very cool. When we finished riding my mother rode with Lola's mother while the three of us played in the garden.

When they finished riding we went home, we ate then we played in the swimming pool then we went to the trampoline and later we went to dinner; we had a shower, then we watched a movie and went to bed.

The next day we had breakfast and went horse riding again with my mother and my sister. The sky was very cloudy and while we were preparing the horses it started to rain a lot and we could not ride, so we took the ponies, we cleaned them, we put glitter on their hooves. Later we checked parts of the bridle and the saddle of the ponies.

Then we returned home and Lola also came to play. When we got home we ate and spent a lot of time in the swimming pool. We also gave water and collected the eggs of our chickens.

Then Lola's mother came to pick up her, then we had dinner and went to sleep.

What a very cool weekend!

Many kisses from Emma

Dear Ella,

Last weekend was amazing! I had lots of fun at the sleepover I had with my two friends, Anna and Anais. We did lots of stuff! We stayed up very late and laughed until we cried. We watched a movie and ate pizza, it was amazing!!! Anna and Anais baked an omelette and I watched them cook like professionals. We played truth or dare, it was so funny :) we tried to go in the swimming pool, but it was way too cold so I stayed out with Anais; Anna was very brave and went in it. At lunch we ate vegetables with potatoes and meatballs. IT WAS SOOOOO GOOD! I was very sad when I had to say goodbye...

I hope I can see you soon, I miss you.

Love and kisses

EMILIE

Dear Julieta,

This weekend was great and very sad at the same time. So, not to get confused, I'm going to explain my Saturday and then my Sunday...

My Saturday started when I woke up, I had breakfast, I brushed my teeth, etc. I talked with my friends; I did some homework... At 13:00 I took my rabbit to the vet, because he was ill and in a very strange position. Our rabbit was only at home for 1 week, because they gave it to me for my birthday (May 27). We took great care of him, but he had a lung problem that we didn't even know about. His name was "GORDO :)" and he was 1 month old, he weighed less than 1 kilo, and he was all black, it was so cute. We left Gordo at the vet and we went home. My uncles came to eat, and at 16:30 they called us from the vet, they told us that Gordo died. It was so hard to me to face it.

My friends and I stayed in the centre of Barcelona, at the Starbucks. We talked and then we went to the Illa (a shopping center). So yeah, this was my Saturday...

And, my Sunday was better than my Saturday, I was still super sad. This beats me...

On Sunday I was at home most of the day. In the morning I went to see a friend's new house.

THIS WAS MY WEEKEND!

I miss you so much Julieta, see you soon!

Love

Clara :)

Hi Pablo,

How are you? Are you good, stressed or sad? What did you do this weekend? I

have so many things to tell you, but today I will tell you only my weekend. This weekend I did so many things, I went to the beach with two friends, a friend came over to my place to spend the night and I did a sleepover with two friends, but one of them didn't feel so well and got home early.

I think I had a great time this weekend, but now I'm a little bit tired.

And you? Did you have a nice weekend with your friends and family?

I hope to see you soon, let's play some tennis one of these days!

See you,

Chano.

Dear Mateo,

How are you? I am very good.

Last weekend, on Saturday in the morning, we did gardening with my father and it was fun. After lunch, my family and me wanted an ice cream but it was closed, so we went back home. During the evening we went to buy some plants for the terrace and we went to visit my mother to her work. For the night we watch a movie called "Up". I liked it very much. After the movie we went to sleep.

I hope you also enjoyed the weekend.

See you soon,

Bosco

Dear Emilie,

I hope you had a great sleepover at my house last weekend, because I really enjoyed this sleepover with you and Anais. I really loved that we ate a pepperoni pizza. It was delicious. I loved the new series that we watched, Outer Banks. I'm glad you enjoyed the candy at my house because we had to do something with it anyways. I'm sorry if I fell asleep early, I'm not a night person. I don't like to wake up late. I was so glad that we made TikToks. We danced a lot and we had so much fun. We talked a lot, we sang a lot, and played with the cat. We tried to make pancakes but we didn't find the recipe. Maybe next time ! I didn't want you to leave. I really missed you during quarantine.

XOXO,

Anna

Hello Léa,

I hope you and your family are in good health!

Now I'm gonna tell you what I did this weekend.

First on Saturday morning I had breakfast and then I did some homework, after that, I played a little bit with my nintendo switch, and I went to eat with my parents and my brother. After lunch I played again with my nintendo switch, then I went to Barcelona with some friends. We spent a couple of hours there. After I went back home and I had a great dinner with my parents because we ate sushi.

On Sunday, I had breakfast, and I did some homework in the morning. And I still had some time to play with my nintendo switch. We had lunch with my family and I did some more homework. In the afternoon a friend living next to me called me and we met to go for a walk and buy an ice-cream.

When we came back home I had dinner, watched a movie and, went to sleep.

So this was my pretty nice weekend!:)

I hope you enjoyed yours as well!
